Dear Parents/Carers,

Learning Checks

We have recently begun Term 6 Learning Checks. Please be aware that these are not Assessment Points; it is not possible to run formal assessments in a fair way under these challenging circumstances. They are, however, important checks on the progress of learners.

We encourage your child to do their best with these checks but also reassure them that these checks are diagnostic and intended to help us with our ongoing provision. They will not be graded in the same way as Assessment Points but learners will be issued with a percentage mark for the essential content, which they must complete, and a pass, merit or distinction grade for the optional (but highly preferable) stretch 2 task.

The proposed schedule is below, though there may be some variation in when the Learning Checks are set depending on the pace of coverage of different subjects.

They are spread over 6 weeks and the timetable is below:

Week beginning:	KS3	KS4
01 06 20	Computing and Art	English
08 06 20	History and PSHE	Maths
15 06 20	Geography and P+E	Science
22 06 20	Maths and English	Option 1: current 3 hour option
29 06 20	Science and Languages	Option 2: Spanish or alternative option
06 07 20	catch up sessions if needed	Option 3: Hums or new option (depending on govt examination updates)

We can provide results on request. If you would like the results of all of the learning checks, please email me at j.steere@woottonparkschool.org.uk. I will collate the results for you but they will not be issued until the end of the term. You can of course contact subject leads for results from individual subjects should you wish and a list of their contact details are below:
