Subject Assessment Evidence Record Drama

FOR GCSES FOR SUMMER 2021

DRAFT

Assessment Record for determining teacher assessed grades in Summer 2021

Background

Every centre must produce an Assessment Record for each subject cohort, which includes the sources of the assessment evidence being used and the rationale for the choice of evidence, the level of control for assessments considered, and any other evidence that explains the determination of the final teacher assessed grades. Here at Wootton Park School our Records will be made up of 3 sections.

Section 1: The Subject Assessment Evidence Record (this document), completed by the Curriculum Lead and shared with the area team, with learners and with parents.

Section 2: The Learner Assessment Record, completed by the class teacher, including a Learner Declaration, the individual learners' Evidence Record, the Grade Descriptors, a rationale for the allocated grade and the a Teacher's Declaration. The first half of which is to be shared with learners and parents before the final grade decision making begins.

Section 3: Variations for Individual Learners Record, centrally collated and kept up to date, these records will be made available to Curriculum Leads and teachers to ensure they are differentiating for learning loss appropriately.

This is an adaptation of the Assessment Record template produced by JCQ and reflects the school's intent to deliver fair, consistent, free from bias and transparent teacher assessment.

These Assessment Records take account of the guidance provided in the document: *JCQ Guidance on the determination of grades for A/AS Levels and GCSEs for summer 2021*

Assessment Evidence Form

This document is intended to detail the assessments used for the subject cohort (i.e. assessment resource, mock examination, controlled assessment, homework etc.). The Subject Assessment Evidence Form should include the sources of the assessment evidence being used and the rationale for the choice of evidence, the level of control under which assessments were completed (i.e. exam-type conditions would provide a high degree of control), and any other evidence that explains the determination of the final teacher assessed grades.

Note: Ideally, the evidence used will be consistent across the class or cohort but that may not always be the case if a student has missed some teaching, or one or more assessments, for valid reasons. Any necessary variations for individual students should be recorded using the Variations for Individual Learners and Learner Assessment Record.

Indicate which assessment objectives were covered in each piece of assessment evidence (Y/N), and whether the assessment was conducted with a High (H), Medium (M) or Limited (L) level of control.

	Type of Assessment	Component 1				Component 2				Component 3				Level of Control H, M, L
